➤ Agricultural Development Fund (ADF) >> Farm registration

The image displays three tablets showcasing the 'Smart Agriculture' application interface. The top-left tablet shows the 'Farm Information' screen, which includes fields for location (Riyadh), owner name, land area (12.00), and various identification numbers. The top-right tablet shows the 'Crop Information' screen, featuring fields for crop type (Wheat), variety (Hard Red Winter), and planting date (2015-02-19). The bottom tablet shows the 'Irrigation Information' screen, which includes fields for irrigation system (Drip), water source (Well), and scheduling (Automatic). The interface is clean and modern, with a green header and a white background.
